Who's Who Behind the Scene

You likely know or have met most of the member facing team of the Credit Union. But there's a whole group of people working behind the curtain to assist in making decisions for the stability of the Blackhawk Federal Credit Union.

On the Third Wednesday of each month, after school is released, our board meets to review the previous months work. They confirm the minutes from the past meeting, discuss membership, budgets and receive reports from different committees before establishing rates for the next months CD's and lending. Many of our board members have been involved in the Credit Union for a number of years.

Feeling the call to consider? Not sure if you are capable? Ask yourself 3 questions.

Do I appreciate being a member of the Credit Union?

Am I interested in learning the ins and outs of financial statements and regulations?

Can I objectively make decisions keeping the bigger picture in mind when submitting my vote?

If you said yes to all three questions, the Credit Union Board needs you!

Not sure that you are ready to dedicate a few hours every month? We have a supervisory committee that meets just eight times a year. They gather at 2:45 on the second Tuesday of the month. Supervisory acts as an internal audit team, reviewing loan documents, team member work and anything our Auditor suggests they look into. Someone interested in the supervisory committee should have a good attention to detail and an interest in data analysis and mathematics.
